WORK EXPERIENCE

UI/UX Lead Designer - Co-Founder
OurPraise Organisation
A Praise and worship company which specializes in providing songs of praise and worship through their Mobile App

-Feb 2021 - Dec 2023

- Led the Design team and successfully designed the whole app respecting deadlines and efficiently communicating with the development team.
- Made a complete software prototype and presented it to the development team. This was successfully implemented.

Graphic Designer
Estache Nettoyage
Nov 2022 - Now

- I made the complete branding of the company from Logo to advertising flyers and mockups.
- I contributed through the attractive flyers to the success of this company

Front-End Developer
Dotty (Personal Project)
Jan 2024 - Now

I am currently designing and building a web application that will help the towns in better management of household waste providing a connection between house owners and Job seekers
